

GUIDELINES FOR SETTING UP OF GREENFIELD AIRPORTS

1. IAF would process an application for setting up of Greenfield Airport based on the following considerations:

- The location of the proposed site.
- Is the site within the Restricted Airspace (Airspace under the jurisdiction of IAF)
- The envisaged type of operation from/to the proposed airport, e.g. commercial operations, cargo traffic or private use etc.
- The likely impact of such operation on military aviation.
- Security and Intelligence implications.

2. Apart from the above mentioned guidelines, site (place and region) specific issues would be taken into consideration while the case is proposed. These considerations will vary from place to place depending on IAF's strategic and tactical roles in a given region.

3. The applicant is required to furnish information in **four copies** as given in Appendix. The applications should be forwarded to Air HQ through Joint Secretary (Air/G), ministry of Defence, South Block, New Delhi. Advance copy may be sent to Air HQ.

APPLICATION FOR AERODROME APPROVAL
(In four copies)

1.	Name and Address of the Applicant Telephone Number(s) Telex number, if any Fax Number	:	
2.	Nationality of the Applicant	:	
3.	(a) Location of the proposed aerodrome / helipad site with reference to the nearest IAF aerodrome (b) Latitude and Longitude of the place in six digits (c) State/District in which proposed location is situated	: : :	
4.	Place name by which aerodrome is to be known in all future references	:	
5.	The site marked on a Survey of India map or a map with latitude and longitude downloaded from a website (Google, Wikipedia etc) duly countersigned by an accredited architect	:	
6.	Type/category of aerodrome proposed to be constructed (ICAO Aerodrome reference code)	:	
7.	Type of aircraft intended to use the aerodrome	:	
8.	Elevation of the site	:	
9.	Purpose of operation of airfield i.e. private / commercial	:	
10.	Type of Air Traffic Services and watch hours	:	
11.	Details of communication facilities, including VHF-RT, land lines, fax, etc., planned	:	
12.	Type of flight operations i.e. VFR/IFR and associated airspace requirements	:	
13.	Proposed navigational aids and other facilities	:	

14.	Length of runway and its surface (paved/unpaved)	:	
15.	Proposed runway orientation	:	
16.	Fire fighting and Rescue services to be made available in terms of Airport Category	:	
17.	Availability of Medical facilities	:	
18.	Details of the Foreign nationals employed/will be employed for construction of the project	:	

Date:

SIGNATURE OF THE APPLICANT
